

UNBEIGE

Study #1 Purpose

If you have not watched the video yet, make sure you do that first and then use these as additional questions to help you dig a little deeper.

Questions

1. When comparing flourishing and not flourishing, what does God's word have to speak into your personal situation? Read Psalm 52; 92:12-13; see also Jeremiah 17:8
2. Share the implications of Jesus' declaration of his followers being salt and light. Matthew 5:13-16. What implications does this truth have for us in regard to remaining "salty", and displaying our "light"? What do we put in the way that stops out light showing and glowing?
3. Read Mark 8:35. How do we 'save our life'? If self sacrifice is God's way, what do we need to be doing or letting go of, in order for us to live God's way?
4. What are the things in your life that distract you easily from doing what God calls us to do? Share some of these hindrances, and perhaps some opportunities that you missed where you could have ministered to another person.
5. Pray together and encourage each other to listen to the voice of God and act when He speaks no matter what.

We will be doing more on this aspect (acting on God's promptings) in the weeks to come.
